The Corner-Stone.

The present edition of Abbott's Young Christian Series is indeed a work of genius. It contains much that is new and beautiful. Engravings. It is impossible to speak of the rare merit of Mr. Abbott's writings on the subject of practical religion. Their extensive circulation entitles us to make a few remarks. In our own country, John Henry and M'Donnell, Farns George, H. C. and others, have done excellent service. Throughout the globe, whence the character of their publ. and the felicity with it has been executed, is unfolding the different topics which he takes in hand. Mr. Abbott's writings are full of life and interest. They are full of illustrations, and are easily understood. There is no such example as his for the virtue and the brave, and with a contempt for the depraved and the weak. It is impossible to conceive of a better book for the young. There are too many such examples as his in real life, in whom honest waywardness has taken the place of spirituality, who have sympathies and virtues, and yet are not equal to the task of self-government. There is no such variety and beauty of illustration. It is this admirable combination of distinction with incident that invests his writings with an almost equal charm for readers of every diversity of age and culture.

"THE WATCHMAN;"

An interesting and Moral Daily Domestic Life.

A. C. Chapman. 12mo., 50 cents.

Published in one volume, cloth, 50 cents.

Another edition of 3000 of this popular novel is now ready. It is needless to enlarge on the fact that notwithstanding the thousands that have sold, and the great popularity of the book, there is still a profusion of its merit, and the fever it has created in the eyes of the public. It has been decried, and even damned; and two beautiful songs have been set to music, the titles being suggested by some.

This is a good book—one of that class calculated to enchain the interest and to leave a wholsome impression behind, one that we would willingly place in the hands of every sister, dear friend, relative, and friend we hold dear.

“This is a charming story. The characters are well drawn, and will provoke many a smile, and tears of sympathy from many eyes.”—*Republican.*

“The Watchman” is a genuine heart-warming story, with a frankness and a frankness that will amaze you.

“It is a genuine heart-warming story, with a frankness and a frankness that will amaze you.”—*Advertiser.*

“Every page glitters with some of intellect, some bright truth.”—*Times* (of N.Y.). Tribune.

“No novel has created such a sensation.”—*Advertiser.*

“Great is the interest in every page.”—*Advertiser.*

“It is the most condensed and thrillingly interesting novel we have read in a long time.”—*Advertiser.*

“It is distinct with the highest sense.”—*Advertiser.*

“Never have we read a book so true to nature.”—*Advertiser.*

“Every chapter has the touch of genius in it.”—*Advertiser.*

“Never did a tale abound in so many beautiful scenes.”—*Advertiser.*

JOHN H. KANE'S GREAT WORK.—
